World Wide Technology gets \$5.8 million Navy contract

World Wide Technology received a nearly \$5.8 million contract from the U.S. Navy for the procurement of servers for the Navy Enterprise Resource Planning Production Center, the Department of Defense said.

The purchase includes 21 Sun Microsystems servers; one Sun Microsystems 25K Domain; one Sun Microsystems V890; 15 Sun M V490; two Sun V240s; and two Sun Microsystems E6990s, as well as software licenses, hardware and peripherals for each component.

Work will be performed in Patuxent River, Md., and is expected to be completed in September 2006.

Maryland Heights, Mo.-based World Wide Technology distributes information technology products and services. It is the largest African-American-owned business in
