

EXPAND YOUR HORIZONS

World Wide Technology delivers the advanced wireless technology and expertise you need to expand your capabilities and take on new initiatives. Turn to WWT when you're ready to:

IMPROVE EFFICIENCY AND COLLABORATION: WWT's wireless solutions free your employees and end-users to do their work and connect with others where and when they need to. Give your team real-time access to the people, applications, data and network resources they need using a variety of mobile devices and watch productivity skyrocket.

INCREASE VISIBILITY: Easily track valuable equipment and products with wireless LAN and RFID technology, which improves visibility and security across campuses and networks, as well as inside remote locations, warehouses and across supply chains.

MAINTAIN SECURITY: WWT has the insider knowledge to help you get the most out of wireless technology, without the fear of compromised security. Robust authentication, data encryption, key rotation schemes and more deliver the security you need to protect your network resources, ensure compliance and protect privacy.

GET TRUE END-TO-END SUPPORT: As WWT is committed to your success and absolute satisfaction, all of our engagements begin with an onsite survey and needs assessment to ensure that we understand your challenges and can address any of your concerns. We're also there to help you through installation and configuration of your wireless and mobility solutions. And we offer certified training to get your staff up and running quickly.

EXPAND CAPABILITIES AND TAKE ON NEW INITIATIVES WITH WIRELESS SOLUTIONS FROM WWT.

CORE CAPABILITIES

- Voice Over Wireless LAN (VoWLAN)
- Wireless Intrusion Prevention (WIPS)
- Contact-Aware Location Based Services (RFID)
- Guest Access
- Outdoor Wireless MESH
- Cisco Unified Wireless LAN
- Planning, Design and Implementation Services
- Cisco-Certified Learning Solutions
- 24x7 Support

KEY BENEFITS

- Improve Efficiency
- Support Collaboration
- Maintain Security
- Track Assets
- Cut Costs and Lower TCO

TURN TO THE EXPERTS

WWT's certified wireless experts have extensive experience along with the business acumen to develop customized mobility solutions that help you drive productivity and streamline communications across your organization. With certifications in Cisco Advanced Wireless LAN and Outdoor Wireless MESH among others, we are able to offer an array of capabilities that span from technical product integration to onsite Cisco-certified training. Our Professional Services expertise, in combination with 15-years of successful IT infrastructure deployments, makes WWT the ideal partner to carry out your wireless needs.

WHY WWT?

WWT provides a unique blend of proven technical expertise, scalable solutions and flexible service level agreements to our clients. We specialize in advanced technologies such as unified communications, security, data center and wireless. Moreover, we take an informed, consultative approach to developing, deploying and maintaining the right advanced technology solutions for you and your budget.
