The National Institutes of Health (NIH CIO-CS) contract is a Government-Wide Acquisition Vehicle (GWAC) for Indefinite Delivery, Indefinite Quantity (IDIQ) of thousands of Commercial IT products and services.

AN ARRAY OF IT SOLUTIONS

Under the contract (#HHSN316201500023W), WWT will offer everything IT for U.S. government agencies worldwide. In using this contract, agencies have access to the latest cloud collaboration tools including email, SharePoint, video/web conferencing, custom social networks, wikis, microblogs, CRM, IM and more.

PROGRAM BENEFITS

As a CIO-CS contract holder, WWT has delivered innovative and secure commodity solutions for agencies across the federal government and initiatives as diverse as cloud computing, cybersecurity and mobility. We offer lower prices, along with a streamlined ordering process, for state-of-the-art commercial hardware, software, services and solutions.

PURCHASING SERVICES AND EQUIPMENT

All U.S. Government agencies worldwide are eligible to purchase equipment and services through NIH CIO-CS. IT products can either be procured on-site or in the cloud, making it the everything IT solution for federal civilian and DoD agencies. Products procured through this contract vehicle are required to pay .35 percent processing fee with no minimum or maximum order limit.

▷ LEADING TECHNOLOGY AND EXPERTISE

World Wide Technology (WWT) has a long history of supporting the federal government as an award-winning technology integrator and is proud to include NIH CIO-CS in its well-established list of purchasing vehicles. WWT offers our technical expertise, advanced technology solutions, strategic partnerships, supply chain capabilities and Advanced Technology Center to help you meet your mission-critical objectives.
