Maximize Your Purchasing Power

Through the National Aeronautics and Space Administration's (NASA) Solutions for Enterprise-Wide Procurement (SEWP) program, World Wide Technology (WWT) offers federal agencies an additional vehicle (Contract #NNG15SC22B and Contract #NNG15SC55B) to purchase best-of-breed technology at the most competitive prices.

ADVANCED TECHNOLOGY

SEWP is a government-wide acquisition contract (GWAC) that offers a vast selection and wide range of advanced technology, including UNIX, Linux and Windows-based computer systems and servers along with peripherals, networking equipment, storage devices and other IT products and solutions to all federal agencies (including the Department of Defense) and authorized contractors.

LOWER COSTS AND FAST ACCESS

As a competitive contract, SEWP offers low prices (below GSA schedule prices), the lowest surcharge (0.375 percent) as well as a streamlined ordering process for state-of-the-art commercial hardware, software, services and solutions.

SERVICES AND SUPPORT

Aside from providing direct access to advanced technology, SEWP enhances WWT's ability to provide all of the necessary supporting technical and supply chain services you need based on our extensive experience and established partnerships with multiple vendors.

LEADING TECHNOLOGY AND EXPERTISE

World Wide Technology (WWT) is an award-winning technology integrator providing technology and supply chain solutions to customers and suppliers around the globe. We consistently receive "Excellent" ratings in SEWP Project Performance and understand that advanced technologies, when properly planned, procured and deployed, can reduce costs, increase profitability and ultimately improve our customers' ability to effectively complete their missions.

GLOBAL PRESENCE

- Sales offices around the globe.
- More than 2 million square feet of warehouse, distribution and integration space.
- Headquartered in St. Louis, Missouri.
