Get reimbursed quickly

Let's face it – no one really likes to deal with health care issues. Sometimes when you do, you may forget to use your health benefits card. No problem. When you pay for a qualified medical expense using your own money, you can get reimbursed from your pre-tax account. File a claim with a receipt right from your phone.

Scan and manage receipts

Why is it that the one receipt you need is always the one you can't find? The Consumer Accounts with UMR mobile app lets you record a health expense and capture the receipt the moment the transaction happens. That's peace of mind with a touch of a button.

Check balances

Wondering whether you can pay for an elective procedure or a mounting bill? Do a quick account check to see your current balance. No need to wait for an answer – it's right at your fingertips.
